2.40(b)(3) Attending Veterinarian and adequate Veterinary Care....you failed to observe the animals daily and assess their health and well-being and have a mechanism of direct and frequent communication so that timely and accurate information on problems of animal health, behavior and well-being is conveyed to the attending veterinarian. See all dates above, DIRECT cited on June 11, 2015.

2.131 (b)(1) Handling of Animals....failure to handle animals as expeditiously and carefully as possible in a manner that does not cause trauma, overheating, excessive cooling, behavioral stress, physical harm or unnecessary discomfort

Three month old pigs, which were being loaded on a trailer, were not handled properly. (June 11, 2015)

The Animal and Plant Health Inspection Service (APHIS) created federal regulations to ensure the welfare of animals and help prevent the spread of animal and plant pests and diseases. Since violations of the regulations can have serious and costly impacts that are detrimental to the public interest, APHIS is providing you with an Official Warning for the violation(s) described above. Any further violation of these federal regulations may result in the assessment of a civil penalty, criminal prosecution, or other sanctions. If you have any questions concerning this Official Warning or violation(s), please contact the APHIS official listed in this notice.
